

SETTING UP A BUSINESS PRESENCE IN THE UK

Brexit has affected the way EU businesses trade with the UK. If you are facing significant tariff charges and potentially recoverable import VAT, you might want to consider having a UK vehicle to mitigate the additional costs.

We have significant experience of working with businesses who are looking to establish a presence in the UK for commercial reasons. We bring to our relationship the technical and commercial knowledge and understanding that we have built up over many years.

How can Moore Kingston Smith help?

We can assist you with the following:

- Deciding on the most suitable structure for your business in the UK.
- Setting up your business presence (such as subsidiary) in the UK and subsequent compliance with UK tax and reporting, mindful of how this feeds into the wider global structure.
- Providing expert business advisory services to help your UK business develop in the UK.
